Description

Technical Details

Description

This cable will let you turn a JST PH 3-pin cable port into 3 individual wires with high-quality 0.1" female header sockets on the end. We're carrying these to match up with our Hallowing, for extending and connecting sensors or LEDs - and the wires are even color coded!

[We also stock a version with male socket headers on the end](#)

[For more information about JST PH connectors, visit the JST website](#)
