

MT-RJ Connectors

Product Facts

- Designed to meet TIA/EIA 568B.3
- Wide industry and electronics supplier acceptance and support
- Multimode and singlemode versions for existing and future network applications
- MT-RJ Plug is half the size of duplex SC and ST connectors
- MT-RJ Jack is installable in conventional RJ-45 faceplates and outlet boxes
- MT-RJ Jack is easily terminated — no epoxy or polishing and can be re-terminated, making moves, adds, and changes less expensive
- Intuitive RJ-45 type latching mechanism
- MT-RJ Plug kits available in multimode and singlemode versions for both Mini DUALAN and Mini Zipcord cable

MT-RJ Plugs

The MT-RJ plugs are available in multimode and singlemode versions, with or without guide pins, for both Mini DUALAN and Mini Zipcord cable. The MT-RJ plug components are bulk packaged in quantities of 100 to make it easy for cable assembly houses to distribute the product to the assembly area.

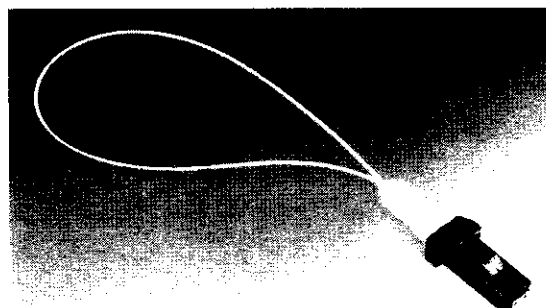

| Description | Part Number |
|---|-------------|
| MT-RJ Multimode Plug Kit without guide pins for Mini DUALAN Cable | 1278398-1 |
| MT-RJ Multimode Plug Kit with guide pins for Mini DUALAN Cable | 1278398-2 |
| MT-RJ Singlemode Plug Kit without guide pins for Mini DUALAN Cable | 1278399-1 |
| MT-RJ Singlemode Plug Kit with guide pins for Mini DUALAN Cable | 1278399-2 |
| MT-RJ Multimode Plug Kit without guide pins for Mini Zipcord Cable | 1278750-1 |
| MT-RJ Multimode Plug Kit with guide pins for Mini Zipcord Cable | 1278750-2 |
| MT-RJ Singlemode Plug Kit without guide pins for Mini Zipcord Cable | 1278751-1 |
| MT-RJ Singlemode Plug Kit with guide pins for Mini Zipcord Cable | 1278751-2 |

MT-RJ Cable Assemblies

See Cable Assemblies & Backplane Interconnects Section 2, page 70-73.

MT-RJ Loopbacks

| Description | Part Number |
|---|-------------|
| MT-RJ to Singlemode Loopback | 1278358-1 |
| MT-RJ to Multimode Loopback, 50/125µm | 1278357-1 |
| MT-RJ to Multimode Loopback, 62.5/125µm | 1278153-1 |
