3M™ Infrared Thermometer IR-999

The 3M Infrared Thermometer IR-999 covers the basics of temperature measurement in industrial environments. It features a 12:1 distance to spot ratio that allows more flexibility in measuring hard to reach objects.

 3M Id : 80-6112-6725-5
 GTIN(UPC/EAN) : 0 00 54007 44412 1

Additional Information

The ability of the IR-999 thermometer to read sub-zero temperatures adds to its versatility. The IR-999 measures up to 999°F (535°C).
