|-----------------------------------|-----------------------------------------|
| Name                              | MAK 3100 S grau/grey                    |
|                                   |                                         |
|                                   | socket with locking screw; solder joint |
| Delivery informations             |                                         |
| Availability                      | available                               |
| Product description               |                                         |
| Type                              | MAK 3100 S grau/grey                    |
| Order No.                         | 930 764-517                             |
| Type of contact                   | female                                  |
| Description                       | socket with locking screw; solder joint |
| Housing Color                     | grey                                    |
| Number of contacts                | 3                                       |
| Conductor size                    | $\leq 0.34 \text{ mm}^2$                |
| Technical data                    |                                         |
| LF output "Phone"                 | EN 60 130-09                            |
| Pole arrangement DIN              | DIN 41 524                              |
| Rated current                     | 4 A                                     |
| Rated voltage                     | AC/DC 34 V                              |
| Cable diameter                    | 5.5 mm                                  |
| Type of termination               | solder                                  |
| Material                          |                                         |
| Contact material (socket)         | brass                                   |
| Contact surface material          | tin plated                              |
| Contact bearer material           | PA 66/UL standard 94V-2                 |
| Housing material                  | PE                                      |
| Environmental conditions          |                                         |
| Protection class (IEC 60529)      | IP 30                                   |
| Temperature range                 | -20 °C to +60 °C                        |
| Scope of delivery and accessories |                                         |
| Packaging                         | retail package, polyethylene bag        |
