Rack & Panel (Commercial Grade Rectangular) 516 Crimp Machine and Tools

516 Crimp Machine and Tools

CONTACT CRIMP MACHINE

- ? Tooling part numbers: 516 -280-700 (electric press) & 516-280-750 (contact applicator)
- ? Crimp-style contact part number: 516 -294-571 (supplied on 1800 count reels, ordered separately)
- ? Guarded for operator safety
- ? Quick access to the crimp setting adjustment mechanism
- ? Foot switch operation
- ? Cycle counter on the front panel
- ? Each cycle crimps a contact, cuts the contact from the carrier strip and feeds a new contact into position
- ? Adjustment settings for conductor and insulation
- ? Crimp settings for common wires between 16 and 28 AWG (confirm application with factory before purchase)
- ? Mounts to any flat surface
- ? Electrically operated, specify requirements when ordering: 115V or 230V & 50HZ or 60HZ
- ? Shipping weight: 450 lbs/204 kg gross

CONTACT HAND CRIMP TOOL

- ? Part number 516 -280-201
- ? Crimps contact part number 516 -290-590
- ? Precise tool for hand crimping loose contacts
- ? Built-in rachet to prevent under crimping

CONTACT EJECTION TOOL

- ? Part number 516 -280-300
- ? For use with all 516 series contact styles
- ? Provides easy positive ejection without damage to the insulator

CRIMP CONTACT INSERTION TOOL

- ? Part number 516 -280-400
- ? For installing 516 -290-590 & -591 crimp contacts
- ? Wire groove locates the tool onto the end of the crimp form

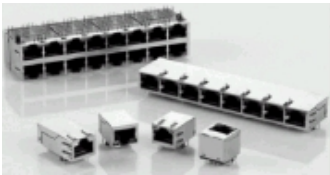

POLARIZING HARDWARE ROUND NUT DRIVER

- ? Part number 516 -280-500
- ? For removing and tightening round nuts when changing orientation of metal polarizing guide pins and sockets

WIRE WRAP & P.C. TAIL CONTACT INSERTION TOOL

- ? Part number 516 -280-600
- ? For installing 516 -290-520, -540, -541, -542, -501, and -521 contacts
- ? Slender tube protects contact tail during insertion without interfering with adjacent contacts
