Demos

The Need-L-Lock's patented four-in-one tool combines a UR/UY/UG crimper, needle nose pliers, wire stripper and cutter. This means one less tool on your belt!

Aligned crimping jaws come down square ensuring a solid connection. Jaws are grooved to provide a better grip on wires and feature a built-in cutter and [cable stripper](#).

These 6.5" (16.5 cm) needle-nose crimping pliers are forged of high-quality steel with rubber-coated ergonomic handles for a reliable, non-slip grip.
