

## Product List

|                       |                                                                                               |
|-----------------------|-----------------------------------------------------------------------------------------------|
| Product Name          | <b>MM60-52B1-G1-R850</b>                                                                      |
| Status                | Active                                                                                        |
| RoHS compliant        | Yes                                                                                           |
| Series Name           | MM60 Series                                                                                   |
| Connector types       | Connector                                                                                     |
| Number of contacts    | 52                                                                                            |
| Termination styles    | Soldering (SMT)                                                                               |
| Material of contact   | Copper alloy                                                                                  |
| Contact finish        | Contact area: Gold over Nickel, Terminal area: Gold flash over Nickel                         |
| Material of insulator | Heat resistant material (UL94V-0)                                                             |
| Mounted height (mm)   | 4.0                                                                                           |
| With polarizing boss  | TRUE                                                                                          |
| Combination           | MM60-EZH039-B5-R850,NT1                                                                       |
| Remarks               | Supplied in embossed tape (850 pieces/ reel)                                                  |
