

# HAWKBILL ALL-PURPOSE KNIFE

Designed to remove cable jackets in line work, Jameson's Hawkbill Skinning Knife is also a popular all-purpose knife

**High Performance Blade**  
Polished, high carbon steel blade is ice tempered to maintain edge longer. The curved, double-edged blade easily cuts through cable jackets and insulation.

**Ergonomic Safety Handle**  
Cushioned handle is fiberglass reinforced with nylon inside for rigidity and strength. Expanded end protects hand from slippage

**Notched Blade**  
Notch on top of blade for removing gel inside cable.

**Built-In Ring**  
Conveniently clips knife to tool belt.

Dimensions: 10" X 2"
