Slotted and Phillips Head Screwdrivers

Jonard Slotted and Phillips Head Screwdrivers are made of special alloy steel for exceptional strength, long life and helps prevent corrosion.

The slotted screwdrivers have cabinet tips to allow easy access where space is limited, and the Phillips screwdrivers are precision machined for that perfect fit. Both styles offer accurate size for maximum torque without slippage. Soft rubber handles offer comfort and ease of use. The end of the handle is marked to identify the tool's size.

Part No.	Description	Overall Length	Weight
SDC-3163	Slotted 3/16"x 3"	6 3/4" (87mm)	1.6 oz
SDC-3166	Slotted 3/16"x 6"	9 3/4" (248mm)	2.4 oz
