RCS Ultra-Compact Right Angle

The RCS Series is ideally suited for products requiring an attractive yet compact antenna in a right-angle form factor. The 1/4-wave antenna features a Part 15-compliant RP-SMA connection which mates with all Linx PCB and chassis RP-SMA connectors.

- Reduced height helical whip
- Very low VSWR (<1.9 typ.)
- Excellent performance
- Omni-directional pattern
- Rugged construction
- Fully weatherized & damage-resistant
- Single-screw permanent attachment
- Multi-step base for mounting flexibility
- Use with plastic* or metal enclosures

*Requires proximity groundplane
