 - Rtt 10E2 - 10E4 ohms
 - Made in America
- This item is made and stocked in [Chino, CA](#).

Estimated Shipping Weight: 0.50 Pounds

*Item ships unassembled.

This holder provides a conductive shield to protect insulator wiper boxes, so they can be safely used around ESD-sensitive devices. Easy to use; slide your wiper box inside holder, tuck topper around sides and pull tissues/wipers from top. Ideal for KimWipes model's 34155 and 34120.
