 [click to enlarge]	CTM048-28	80001220930	3M™ EM EYE Meter w/ EMI Sensor, CTM048-28 Detects and measures EMI. It is a handheld instrument with modular construction, touch screen display and data logging capability.	☐
 [click to enlarge]	CTM048-2128	80001220914	3M™ EM EYE Meter w/ESD & EMI Sensors, CTM048-2128 Detects and measures ESD events and EMI. It is a handheld instrument with modular construction, touch screen display and data logging capability.	☐
 [click to enlarge]	CTM048-21	80001220922	3M™ EM EYE Meter w/ESD Sensor, CTM048-21 Detects and measures ESD events. It is a handheld instrument with modular construction, touch screen display and data logging capability.	☐
 [click to enlarge]	CTM048-29	80001220948	3M™ EM EYE Meter w/RF Sensor Detects and measures RF signals. It is a handheld instrument with modular construction, touch screen display and data logging capability.	☐
 [click to enlarge]	CTC028	80001220963	3M™ EMI Sensor for 3M™ EM EYE Meter, CTC028 This is an add-on sensor only for already purchased EM EYE with different sensors. Detects and measures EMI.	☐
 [click to enlarge]	CTK053	80001152885	3M™ EMI/ESD - Diagnostics Kit, CTK053 Diagnostics of ESD and EMI Environment, Problem Troubleshooting. Used in conjunction with an oscilloscope, or spectrum analyzer gives the you the tools needed to perform waveform and spectral analysis of electromagnetic interference and emission from ESD.	☐
 [click to enlarge]	CTM082	XA004139730	3M™ ESD Pro Event Indicator, CTM082 Hand-Held ESD Event Indicator With Event Count, Adjustable Threshold And Relative Event Strength Indicator.	☐
 [click to enlarge]	CTC021	80001220955	3M™ ESD Sensor for 3M™ EM EYE Meter, CTC021 This is an add-on sensor only for already purchased EM EYE with different sensors. Detects and measures ESD events.	☐
