	3700	00000007088	3M™ Dri-Shield 3700 Metal-Out Moisture Barrier Bag This is a custom product. Contact your distributor or 3M Customer Service Representative at 866-722-3736 for more information.	☐
 [click to enlarge]	337046	98079852293	3M™ Moisture Barrier Bag 3370, 4 in x 6 in The 3M™ Moisture Barrier Bag 3370 has been designed to meet the demanding moisture protection needs of the electronics market. Bags are RoHS Compliant* and lead-free**.	☐
 [click to enlarge]	33758	98079852301	3M™ Moisture Barrier Bag 3370, 5 in x 8 in The 3M™ Moisture Barrier Bag 3370 has been designed to meet the demanding moisture protection needs of the electronics market. Bags are RoHS Compliant* and lead-free**.	☐
 [click to enlarge]	337610	98079852566	3M™ Moisture Barrier Bag 3370, 6 in x 10 in The 3M™ Moisture Barrier Bag 3370 has been designed to meet the demanding moisture protection needs of the electronics market. Bags are RoHS Compliant* and lead-free**.	☐

 [click to enlarge]	7001218	80000966350	3M™ Moisture Barrier Bag SCC Dri-Shield 2000, 3.6 mil, 12 in. x 18 in. Dri-Shield 2000 Moisture Barrier Bag is designed for dry packaging of electronic devices. Bags protect SMD's from moisture and static damage.	☐
 [click to enlarge]	7001430	80000966368	3M™ Moisture Barrier Bag SCC Dri-Shield 2000, 3.6 mil, 14 in. x 30 in. Dri-Shield 2000 Moisture Barrier Bag is designed for dry packaging of electronic devices. Bags protect SMD's from moisture and static damage.	☐
 [click to enlarge]	7001518	80000966376	3M™ Moisture Barrier Bag SCC Dri-Shield 2000, 3.6 mil, 15 in. x 18 in. Dri-Shield 2000 Moisture Barrier Bag is designed for dry packaging of electronic devices. Bags protect SMD's from moisture and static damage.	☐
 [click to enlarge]	7001618	80000966384	3M™ Moisture Barrier Bag SCC Dri-Shield 2000, 3.6 mil, 16 in. x 18 in. Dri-Shield 2000 Moisture Barrier Bag is designed for dry packaging of electronic devices. Bags protect SMD's from moisture and static damage.	☐
 [click to enlarge]	7001719	80000966392	3M™ Moisture Barrier Bag SCC Dri-Shield 2000, 3.6 mil, 17 in. x 19 in. Dri-Shield 2000 Moisture Barrier Bag is designed for dry packaging of electronic devices. Bags protect SMD's from moisture and static damage.	☐
 [click to enlarge]	7001818	80000966400	3M™ Moisture Barrier Bag SCC Dri-Shield 2000, 3.6 mil, 18 in. x 18 in. Dri-Shield 2000 Moisture Barrier Bag is designed for dry packaging of electronic devices. Bags protect SMD's from moisture and static damage.	☐
 [click to enlarge]	7001824	80000966418	3M™ Moisture Barrier Bag SCC Dri-Shield 2000, 3.6 mil, 18 in. x 24 in. Dri-Shield 2000 Moisture Barrier Bag is designed for dry packaging of electronic devices. Bags protect SMD's from moisture and static damage.	☐
	D271020	80000966525	3M™ Moisture Barrier Bag SCC Dri-Shield 2700, 7.0 mil, 10 in. x 20 in. Dri-Shield 2700 bags provide a huge 30 pound puncture resistance that makes this the choice for packaging tubes, trays, and reels that have troublesome sharp edges. Provides full protection from ESD, static fields and tribocharging.	☐

 [click to enlarge]	D3088	80000918476	3M™ Moisture Barrier Bag SCC Dri-Shield 3000, 6.1 mil, Foil, 8 in. x 8 in. The Dri-Shield 3000 moisture barrier bag, made of static dissipative nylon, aluminum foil, and static dissipative polyethylene, has an extremely low MVTR and provides maximum moisture protection for Surface Mount Devices.	☐
 [click to enlarge]	D301020	80000975971	3M™ Moisture Barrier Bag SCC Dri-Shield 3000, 6.1 mil, Foil, 10 in. x 20 in. The Dri-Shield 3000 moisture barrier bag, made of static dissipative nylon, aluminum foil, and static dissipative polyethylene, has an extremely low MVTR and provides maximum moisture protection for Surface Mount Devices.	☐
 [click to enlarge]	D301030	80000966574	3M™ Moisture Barrier Bag SCC Dri-Shield 3000, 6.1 mil, Foil, 10 in. x 30 in. The Dri-Shield 3000 moisture barrier bag, made of static dissipative nylon, aluminum foil, and static dissipative polyethylene, has an extremely low MVTR and provides maximum moisture protection for Surface Mount Devices.	☐
 [click to enlarge]	D301618	80000966582	3M™ Moisture Barrier Bag SCC Dri-Shield 3000, 6.1 mil, Foil, 16 in. x 18 in. The Dri-Shield 3000 moisture barrier bag, made of static dissipative nylon, aluminum foil, and static dissipative polyethylene, has an extremely low MVTR and provides maximum moisture protection for Surface Mount Devices.	☐
