

10-Port USB 2.0 Hi-Speed Hub

MODEL NUMBER: **U223-010**

Description

Tripp Lite's U223-010, 10-port USB 2.0 hub is the most versatile and powerful hub on the market. It allows you to connect up to seven USB devices to a single USB port on your computer. This unit meets or exceeds USB 2.0 Specifications for Hi-Speed data transmission rates up to 480Mbps. Perfect for both the mobile and desktop user. While the hub will function perfectly in virtually all cases without needing external power, a compact, multi-voltage AC adapter (110/220V) has been provided for the rare circumstance when connecting a power hungry device. This USB 2.0 device is backwards compatible so that it will function with both USB 2.0 and USB 1.1 devices. Over-current protection safeguards connected equipment from over voltages.

Features

- USB 2.0 10-Port Hub
- Supports data transfer rates up to 480Mbps
- Connect up to 10 USB devices to a single USB port on your computer
- Compact design is ideal for use with a laptop/notebook computer
- Does not require external power, software, or complicated set-up procedures
- Plug-and-play/hot-swappable allows you to add or remove a device at any time
- Per-port overcurrent protection
- Bus-powered or self-powered
- Supports USB 2.0 spec up to 500mA per port
- On bus-power, 500mA from the USB 2.0 computer port is shared between the hub ports
- The included external power supply provides 2.5A of power, to be shared between the hub ports (up to 500mA per port)
- Compact, multi-voltage power supply (110/220V) provided
- Compatible with all major operating systems

Specifications

Highlights

- Connects up to 10 USB 2.0 devices
- Bus powered or optional AC adapter
- Compatible with all major operating systems

Applications

- Notebook and Desktop computers where additional USB ports are needed

System Requirements

- USB 2.0 Computer Port
- USB Peripherals

Package Includes

- U223-010 USB 2.0 Hub
- User's Manual
- USB 2.0 Mini B male to USB 2.0 A male cable
- 5V/3A DC Power Supply (Optional)
