## Single Piece Earthing Crown and Retaining Ring For 00, 0B/0S, 1B/1S and 2B/2S Couplers and Fixed Receptacles

### Summary:

The Earthing Crown and Retaining Ring for the “E” prefix sockets, “R” and “S” prefix couplers will now be manufactured as a single piece rather than two separate pieces due to internal improvements to LEMO’s high quality processes and procedures. There is no change to the fit or function of this new piece.

### Details:

Items 2 and 3 in the below example fixed socket sketch will now be made with a single piece. The materials and plating will be the same. Sizes affected are 00, 0B/0S, 1B/1S and 2B/2S.

**The new product will begin shipping in January 2018.**

Thank you for your continued support of LEMO products!
