

Best Value in the Industry

Mini-Touch Screen Optical Time Domain Reflectometer

Item: MT-7620

- OPM, VFL, OLS three-in-one function
- OTDR measurement
- Provides 10 wavelength tests
- Power range up to 50~+26dBm
- 3.5-inch multi-touch color screen
- Mobile-like UI design
- Optical testing and intelligent optical analysis
- Real-time computer connection

HIGH PRECISION OPM

10 wavelength, range: -50~26dBm

850 nm	1490 nm
980 nm	1550 nm
1270 nm	1557 nm
1300 nm	1625 nm
